PORTLAND 1, OREGON

"WHERE THE **FINEST** HOLLY GROWS"

10 Reasons Why GEORGE TEUFEL'S HOLLY FARM Can Supply You With a Better Box of Holly - CONSISTENTLY - ON TIME - FOR LESS

1. *We Are Growers* More than 250 producing acres of the finest varieties of Oregon English Holly orchard.
2. *Experience* Wholesale growers and shippers of Oregon Holly for over 50 years.
3. *Constant Effort* 25 experienced men working the year around to produce better quality Holly.
4. *Facilities* The most modern 3-story 100x100 packing plant designed solely for packing Holly.
5. *Capacity* An efficient crew of more than 100 people to cut, dip and pack your Holly at the rate of several carloads per day.
6. *Refrigeration* All Holly is chilled immediately after packing. Our own cooler space for more than 25 carloads.
7. *Better Packaging* A variety of specially designed new cartons and packages to supply the pack of your choice.
8. *Daily Shipments* Daily shipments via Air Freight, Rail Express, and pool car refrigerated rail freight service.
The George Teufel Family includes the "Old Teufels" (but not too old to run part of the business), George and his wife, Lillian (cut holly and Cymbidiums), and the "Young Teufels," a daughter, Rosalie, and her husband, Vahan Dinianian (cut holly and Oriental rugs); a daughter, Nancy, and her husband, Martin Schmidt (cut holly and Noble fir), and a son, Alfred, and his wife, Ruth (cut holly and nursery stock); nine fine grandchildren and a staff of very reliable, steady employees are all personally interested in satisfying our customers.
10. *Reference* United States National Bank, Stadium Branch, Portland, Oregon.

PORTLAND 10, OREGON

OREGON English Holly *Ilex Aquifolium*

"TEUFEL'S HYBRID"

The finest early maturing green stemmed female that is destined to capture the commercial holly market because of its outstanding beauty, proven hardiness, and consistent heavy berry production.

This superior holly was developed by my father through his untiring search, selections and tests of untold thousands of English Hollies.

We now have over 50,000 trees of this variety growing beautifully in our orchards, nursery and throughout the U.S.A. in temperatures ranging from 100° to 10° below zero.

**FEMALE TREES FROM CUTTINGS THAT HAVE BEEN ROOT-PRUNED AND TRIMMED BUT WITHOUT BERRIES ON
UNLESS STATED — Shipment from October 1 through March 15**

TEUFEL'S SILVER VARIEGATED (*Argentea Marginata*). The finest commercial silver variegated female trees from cuttings but without berries on. Does not bear readily until larger.

TEUFEL'S HYBRID — Female. Our very best hardy holly.

BIG BULL — Male (Teufel). Best male pollenizer.

LITTLE BULL — Male (Teufel). Very ornamental dwarf male pollenizer.

ILEX ANGUSTIFOLIA — Male. Glossy leafed miniature of upright growth habit.

ZERO — Female (Teufel). Excellent, hardy.

DELUXE — Female (Teufel). Glossy, large berried.

LOUISE — Female (Teufel). New, very large berries.

LILYGOLD — Female (Teufel). Bright golden variegated.

EARLYGOLD — Female (Teufel). New, bright golden variegated sport of Zero.

GOLDEN BEAU — Male (Teufel). New, bright golden variegated.

FRUCTULUTEO — Female. Yellow berry.

SKIMMIA JAPONICA

Skimmia Japonica Nana
Teufel's Dwarf Male

TEUFEL'S DWARF MALE

The hardiest male Skimmia with the same growth habits as Teufel's Dwarf Female that beckons Spring with a display of large maroon bud clusters that supply an abundance of pollen and make this plant worthy of a place in the best gardens whether planted in the center of a group of female Skimmia or by itself.

WHITE BERRIED SKIMMIA, FEMALE

Slightly taller growth habit with large clusters of elegant ivory berries.

Shipment from October 1 through March 15

Skimmia Japonica Nana
Teufel's Dwarf Female

TEUFEL'S DWARF FEMALE

An outstanding glossy, broad-leaved evergreen that is beautiful the year around and offers irresistible sales appeal with a profusion of berries, becoming bright red in early November and lasting through March.

Teufel's Dwarf Skimmia is a shade-loving plant that desires a cool summer location with about 50% shade. A heavy, wet part peat soil is best with very little fertilizer and plenty of water in the summer.

We have had excellent reports on hardiness throughout the East and Midwest with a little protection from winter winds. There is talk of a self-pollinating Skimmia as there is with holly but we have not seen any to date and believe all Skimmia to be dioecious and offer our dwarf male for assured berry production.

ORDER EARLY

**The best berried plants are booked in

Trial shipment of Hollies and Skimmia, mixed sizes

Ready for shipment now — \$25.00

Try a carton — They are beautiful!

All plants for Fall shipment must be ordered by Oct. 1st and shipped before Nov. 1st unless we receive special instructions to set them aside to be shipped with your cut holly order. We will be glad to do this but must ask your cooperation as the cut holly demands our full attention after Nov. 1st. Air freight and truck shipment is very good on smaller orders in the Fall or Spring and pool car or trailer shipment can be arranged on larger orders of nursery stock for Spring.

The prices quoted in this list cancel previous quotations. These prices are for wholesale nurserymen and florists only.

Free packing unless stated. Cash with order unless credit is established. One-third cash must accompany all orders to reserve quality stock.

All quotations are FOB Portland, subject to change without notice and inability to supply due to conditions beyond our control.

A partial view of George Teufel's Holly Farm and packing plant on the rolling hills just west of Portland, Oregon

Growers at this location for 60 years — AND STILL GROWING

Some of the Holly trees in this picture were planted 60 years ago by Mr. Teufel, Sr. Now there are 250 acres of Holly trees that range in size from three feet to thirty feet in height. Many tons of the finest quality English Holly are harvested each season and shipped to satisfied customers in all parts of the United States.

CYMBIDIUM ORCHIDS ARE GROWN IN THE GREENHOUSES

All cut holly is treated by dipping in Hormone solution and precooled before shipment to insure long lasting quality.
